

# PLANT TRAILERS

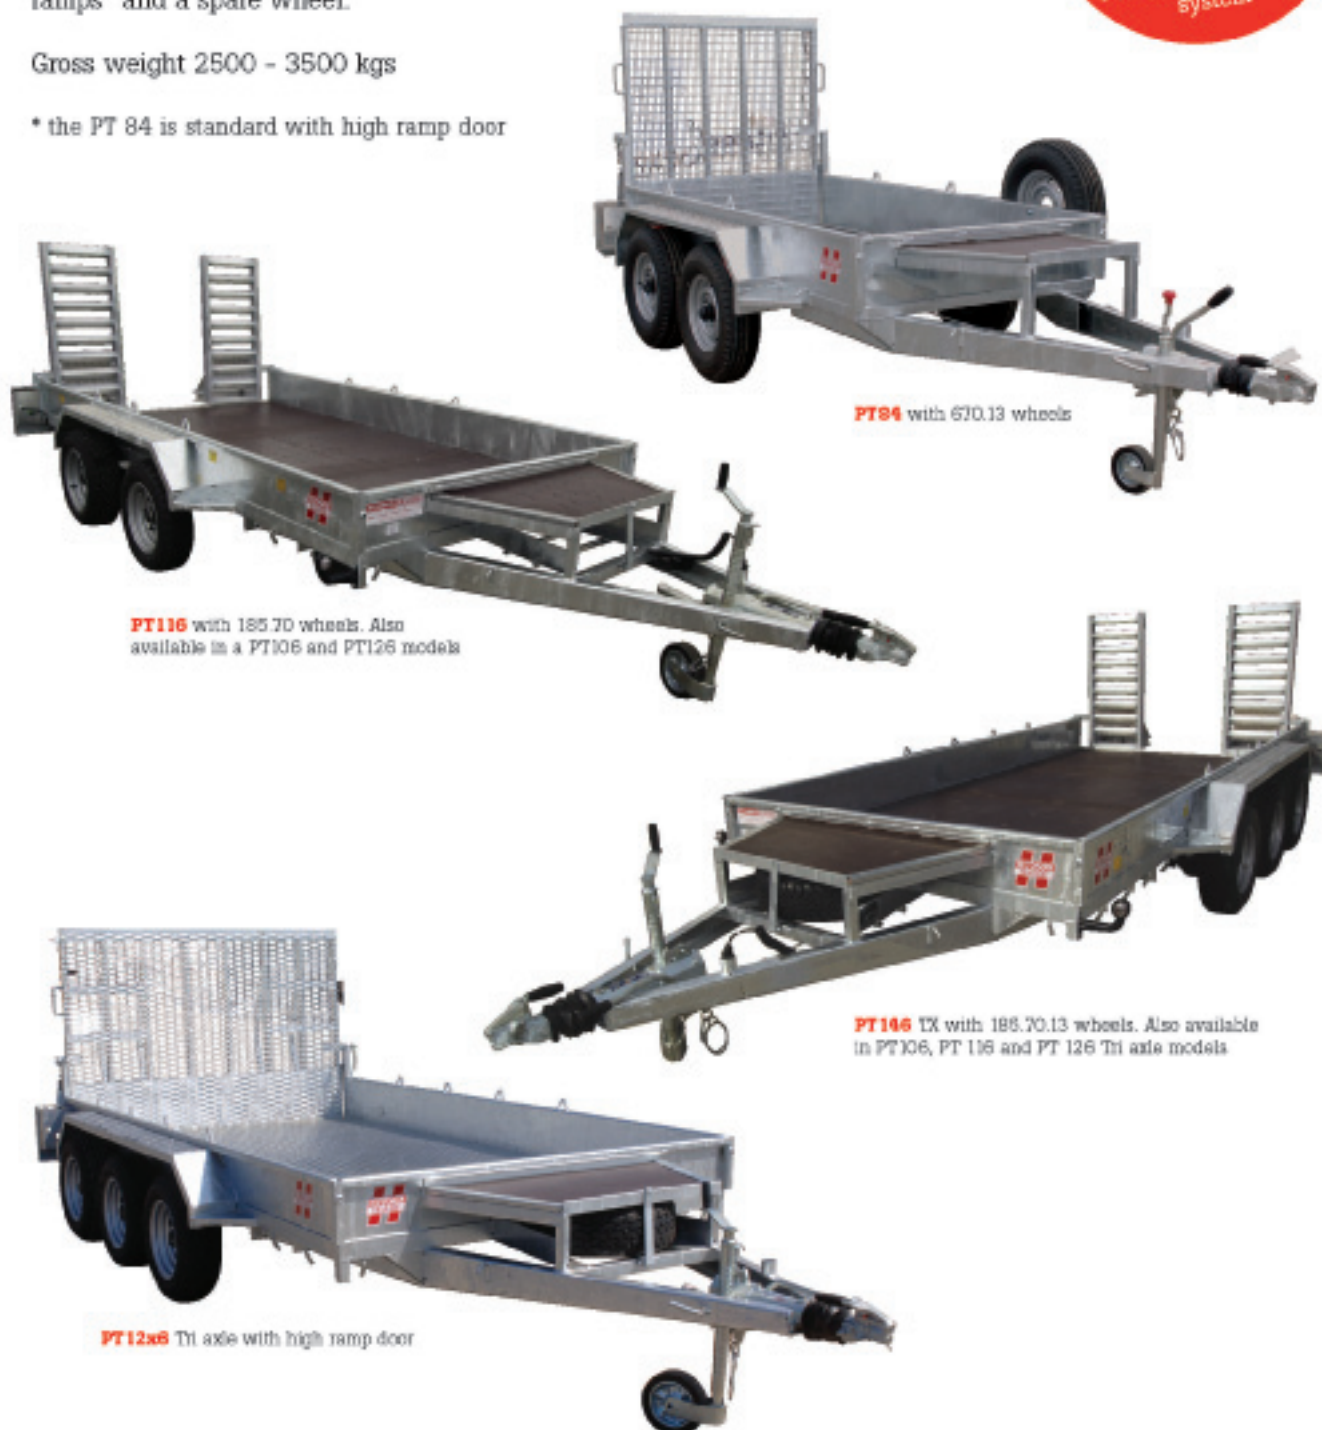

Our **plant trailers** are designed for durability and ease of use when transporting machinery. It is made as one complete steel unit which is then galvanised, resulting in a strong robust trailer.

The mudguards allow you to step on the sides of the trailer and there is a built in bucket rest on the front of the extended drawbar.

The standard models come with fixed sides, adjustable aluminium loading ramps\* and a spare wheel.

Gross weight 2500 - 3500 kgs

\* the PT 84 is standard with high ramp door
